2019-2022

MI MA'ARIF BEGO
2013-2019

SKILLS

- WordPress
- Laravel
- MikroTik
- Python
- JavaScrip
- MySQL

ABOUT ME

My name is Adnan Faris, I am a graduate of SMK N 2 Depok Sleman. I have a strong passion for technology and have been actively exploring the world of web coding and databases. I'm always eager to learn new technologies and push the boundaries of what I can achieve in the field of software development.

EXPERIENCES

Building Websites with WordPress
- Created and customized responsive websites using WordPress.

CRUD Applications with Laravel
- Developed full-stack CRUD (Create, Read, Update, Delete) applications.

Simple Network Setup with MikroTik
- Configured and managed basic networks using MikroTik routers.

Homemade CCTV Project
- Built a custom CCTV system using off-the-shelf hardware and software.
